

台灣移植醫學學會 2016 春季會議程

時間：105 年 3 月 20 日 (週日)

地點：台大醫學院(台北市仁愛路一段一號) 502 講堂

時間	主題	講題	講員	座長
08:00-08:10	優秀論文	27 The Correlation of Hepatic and Systemic Hemodynamics during Liver Transplantation: Quantification of Hepatic Resistance as an Actual Value	馮安捷	夏振源 陳登偉 Liver
08:10-08:20		14 De novo hepatitis B after liver transplantation from core-antibody positive donor to surface-antigen negative recipients	林釀呈	
08:20-08:30		1 Outcome of Living Donor Liver Transplantation for Patients with Pre-operative Portal Vein Thrombosis	王誠偉	
08:30-08:40		20 Laparoscope Ventral Hernia Repair after Liver Transplantation	郭聖治	陳堯俐 何明志 Liver
08:40-08:50		9 Does salvage living donor liver transplantation carry higher surgical complications ?	林志哲	
08:50-09:00		26 Hepatitis B virus prophylaxis after liver transplantation: single center experience	陳登偉	
09:00-10:00	演特別講	Optimal immunosuppression for long term kidney transplantation	David Rush	朱聖賢 黃秋錦
10:00-10:20	Coffee Break			
10:20-10:30	優秀論文	7 Dengue fever in renal transplant recipients—Single center experience from NCKUH	李政翰	王碩盟 陳彥達 Kidney
10:30-10:40		15 Changes in estimated glomerular filtration rate in live kidney donors after donation: a preliminary report in one single center	高義筑	
10:40-10:50		19 The outcome and management of post-transplant lymphoproliferative disorder in kidney transplant patients: experience in a single institute	許毓倫	
10:50-11:50	特別演講	泌尿科醫學會版本之腎臟移植 guideline	主持:余家政 主講:唐守宏	一般外科： 龍藉泉，李伯璋，蔡孟昆 腎臟科： 楊五常，吳明儒，黃尚志，賴彬卿 泌尿科： 陳彥達，賀昊中，江仰仁
12:00-13:00	Lunch Time			
13:00-14:00	別大會特講	【101 講堂】大會特別演講 Plenary Lecture		
14:00-15:00	演特別講	Mitigating the unmet medical needs and optimizing long term outcome in liver transplantation	Björn Nashan	王植熙 胡瑞恆
15:00-15:20	Coffee break			
15:20-15:30	論優秀文	32 Human leukocyte antigen matching in heart transplantation	蔡宜廷	蔡建松 張忠毅 Heart
15:30-15:40		10 Chest Pain in Cardiac-transplant Recipient: the Possibility of Acute Myocardial	林宜璋	

15:40-15:50	優秀論文	28 Valproic Acid inhibits autoimmune recurrence in non-obese diabetic mice after islet transplantation.	黃星華	周宏學 林志哲 Basic
15:50-16:00		18 Mast Cell Membrane Stabilizer Ameliorates Gastric Fluid Aspiration-Associated Pulmonary Allograft Pathology in Rat Orthotopic Lung Transplant Model	張睿智	
16:00-16:10		5 Targeting Glutamine Metabolism Prevents Allograft Rejection	李正方	
16:10-16:20		23 Predictors influencing survival after recurrence in living donor liver transplantation for hepatocellular carcinoma	陳映如	詹昆明 劉君恕 Liver
16:20-16:30		30 Pediatric liver transplantation – as 12-year experience of a medical center in central Taiwan	劉嘯天	
16:30-16:40		31 Leukocytosis is not the contraindication for liver transplantation.	樊修龍	
16:40-16:50		22 The efficacy of stent placement for management of portal vein or hepatic vein stenosis or occlusion after pediatric liver transplantation: a preliminary report	陳正彥	
16:50-17:00		13 Biliary Reconstruction with Multiple Bile Ducts in Living Donor Liver Transplantation	林燦勳
